PRICE TWO CENTS

OPERATORS READY TO SUBMIT NEW SCHEDULE

SURPRISE IS IN STORE FOR RADICALS

(By Associated Press)
 New York, Dec. 4.—Immigration that a surprise is in store for Emma Goldman and Alexander Berkman when they surrender at Ellis Island tomorrow noon for deportation was given today by Byron H. Dill, acting commissioner of Immigration on the island. "I understand the department has something up its sleeve," he said. "I don't know just what it is." Dill disagreed with the contention of Harry Weinsberger, attorney for the two anarchists, that they must be deported to Soviet Russia and that such action cannot be taken until the U. S. recognizes the Bolsheviks.

Washington, Dec. 4.—Alexander Berkman and Emma Goldman now awaiting deportation in New York, will be sent to Russia at the earliest moment possible, the commissioner-general of immigration announced today despite the claim of their attorney that the United States cannot deport aliens to Russia without recognizing the Soviet government.

POLK TELLS HERR LERSNER WHERE U. S. STAND

(By Associated Press)
 Paris, Dec. 4.—Frank L. Polk, head of the United States delegation to the peace conference, summoned Kurt von Lersner, chief of the German representatives at Versailles on Monday, and told him that Germany should not interpret as being in her favor any delay that might be encountered in ratifying the treaty at Washington according to newspapers here. "If there can be in the United States several ways of understanding the treaty," Mr. Polk is quoted as telling Herr Lersner, "there are not two ways of understanding the obligations incumbent on Germany or the affection binding the United States and her allies."

Which is Said to Contain More Liberal Concessions to the Miners Than the Fourteen Per Cent Increase.

(By Associated Press)
 Chicago, Dec. 4.—Preparations for conserving fuel supplies went forward today over virtually the entire country as the dwindling coal reserves caused incidental discomfort and disruption of industry. No immediate relief through a return to work of miners who went on strike over a month ago was in sight although the larger coal operators were ready to submit a new wage scale, which it was said would

contain more liberal concessions to the miners than the fourteen percent increase proposed by Fuel Administrator Garfield. Some of the larger cities today for the first time since the walkout felt the stress of the situation. From other cities and towns of the west and southwest came reports of actual suffering. In three Nebraska towns fence posts and car corns were being burned. At Butte, Montana, scores of old buildings were being torn down to provide fuel for families.

NEW ENGLAND FACES SOFT COAL SHORTAGE

(By Associated Press)
 Boston, Dec. 4.—Reports that soft coal ordered for New England may be diverted to western states caused some concern among large consumers here. Although distributors agreed that the district was better off as regards its supply as some other sections. Several manufacturing centers reported that the fuel on hand would last less than a month under the present rate of distribution. Thus far no curtailment on account of fuel limitations has been announced by New England Railroads which are said to have enough coal to run 50 days. Wm. A. Clarke, President of the New England Coal Dealers' Assn., said today that while this district had been more fortunate than many others scattered manufacturing plants were beginning to feel the shortage and more coal must be obtained if conditions were to remain near normal. There is said to be only six days supply on the entire island of Nantucket. The Hockingham Electric Light and Power Co., which supplies Portsmouth and Dover, N. H., and the lines of the Eastern Massachusetts Railway Co., running

into Dover and Nashua, N. H., and Haverhill, Newburyport, North Andover and Lowell notified its consumers that its fuel would be exhausted in a week and that it was unable to obtain a new supply.

CAPTURE OF VILLA LACKS CONFIRMATION

Uruapan, Mexico, Dec. 4.—Mexican officials here today were still without confirmation of the reported capture of Francisco Villa by members of his band, who are said to be holding him for ransom. Both military and civil officials were striving for confirmation to every available channel.

SOUTH DAKOTA HAS ADOPTED SUFFRAGE

Pierre, South Dakota, Dec. 4.—Initiation of the federal woman's suffrage resolution was completed by the South Dakota legislature today. South Dakota is the 21st state to ratify the amendment.

HEARING ON THE MATTER OF MORE PAY FOR MEN

Finance Board Says Not Up to Them, But They Make Recommendations.

A large delegation of employees of the Public Works Department, mostly from the Street Division, appeared at a hearing held in City Hall on Wednesday evening by the Mayor and Finance Committee on the petition for increase of wages.

The mayor, councilmen Humphreys and Yeaton conducted the hearing, councilman Matthews coming in at the latter part of the meeting.

It is understood that the Finance Committee made it known that such committee and the city council itself had really no jurisdiction in the affairs of the Public Works Department, especially in the matter of wages, hours of work, etc.

After several of the men were heard the committee stated that it would go as far as it was allowed and present the claims of the men to the city council at the next meeting with certain recommendations. The city council can then adopt these recommendations or not.

As the matter stands it means some increase for the men but such increase must come by action of the Public Works Board according to the statement of city council members.

The present rate of pay of men in the street division is the following: Men on special work \$3.50; drivers, \$3.25; laborers \$3.00. The new schedule presented calls for \$4.50 per day.

NO FUEL WILL BE FURNISHED FOREIGN VESSELS

(By Associated Press)
 New York, Dec. 4.—Banking of American cargo ships bound for foreign countries will be regulated by the central coal committee at Washington beginning tomorrow because of the coal shortage. No coal will be furnished foreign vessels after 1 a. m. tomorrow.

CREW RESCUED BY A GERMAN FISHING BOAT

(By Associated Press)
 Berlin, Dec. 4.—The crew of the American steamer Keweenaw which struck a mine in the North Sea while on a voyage from New York to Hamburg has been rescued by a German fishing boat and taken to Emden. It was announced today. The Spanish consul at Hamburg has arranged for the return of the crew to the U. S.

COUNCIL DISCUSSES THE ATTITUDE OF GERMANY

Papers Directing the Scuttling of the German Warships Sunk at Scapa Flow Found in Safe of the Emden.

(By Associated Press)
 Paris, Dec. 4.—The Supreme Council spent the greater part of today's session discussing the attitude of Germany toward the signing of the protocol putting the Peace Treaty into effect. Germany's representatives have declared they could not sign it in its present form including its provision for reparations for German warships sunk at Scapa Flow, and with other terms objectionable to them. The form of a note to Germany on this question was considered by the Council, but no final decision was taken. It is anticipated in this connection that the reply to the German note regarding the Scapa Flow question will contain very strong representations as to the consequences of further resistance by Germany. The Council today decided

to give the small powers which possess sea coast a few of the smaller German torpedo boats. Advises received from London state that papers recovered from the German warship Emden which was floated at Scapa Flow show that Rear Admiral Von Trotha, head of the German admiralty, wrote a letter to Admiral Von Renter on May 9, 1919 telling the latter who was in command of the interned German ships that the surrender of the ships to "the enemy" was out of the question. Directions from Admiral Von Renter to his officers giving orders as to the scuttling of the ships also were found in the Emden safe. These documents probably will have a bearing on future developments of the situation which is delaying the final step in putting the peace treaty into effect.

NO AUTHORITY IN QUESTION OF RENTS

(By Associated Press)
 Boston, Dec. 4.—The State Commission appointed to investigate the "rents" of life has no authority to consider the question of rents, according to a decision given today by Judge Carroll of the supreme court. The court dismissed the petition brought by General J. H. Shattuck and other members of the commission for mandamus to compel Michael Rosen, of Lynn, to give information as to rentals of two apartment houses owned by him in Lynn.

HOPE TO SOLVE ADRIATIC QUESTION

London, Dec. 4.—An agreement which it is hoped will solve the Adriatic question has been prepared in Paris by the American, French and British peace representatives for submission to Italy according to private dispatches today. Frank L. Polk, under-secretary of State, and Premier Clemenceau are declared to have signed the agreement and it is declared

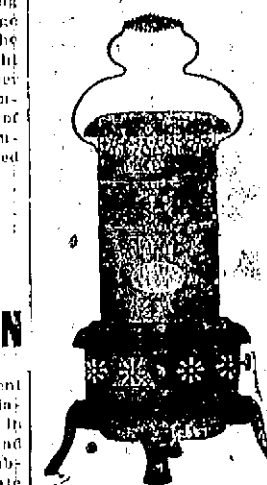

PROMINENT RHODE ISLAND MAN KILLED

(By Associated Press)
 Providence, R. I., Dec. 4.—Samuel Ward King Allen of East Greenwich, former speaker of the Rhode Island house of representatives and for many years a prominent figure in state politics, was instantly killed today on a trolley railway crossing at Sand Hill near East Greenwich when the automobile in which he was driving, met a freight car head-on. Mr. Allen, 41, was killed and seriously injured but he will probably recover.

SOLDIERS FIRE UPON CROWD IN ROME

(By Associated Press)
 Rome, Dec. 4.—Italian soldiers fired upon a crowd here last night after they had been attacked with knives and daggers. Besides one workman who was killed there were 12 wounded. Newspapers, which suspended publication on Tuesday resumed operations today.

HOLDING ANNUAL CONVENTION IN THIS CITY

The 4th District convention of Loyal Workers opened Wednesday afternoon at two o'clock with a music service conducted by Reverend Frank Long of Fall River, Mass. Address of welcome by A. C. Anderson, president of the local society, Response by Frederick B. Clotney of Auburn, Maine, president of the 4th District convention. Vocal solo by Mrs. Gerald of Auburn. Very enthusiastic rendition by Rev. J. Wm. Deaton of New Haven, Conn., president of the General Eastern Society of Loyal Workers, subject, "Our Position in the Forward Movement." He said the movement is born in a crisis, therefore there is a hope of growth. He also said "First, last and always, forward" in the front line of the forward movement is our place as Loyal Workers. Mr. Deaton advocates the organization of prayer groups, in order to get strength and work for church membership. If we do not show any more interest in our business than we do in our religion we would die of starvation. At the conclusion of his remarks, the Loyal Worker's hymn was sung, after which Reverend C. P. King of Boston, delivered a very enthusiastic address on the theme, "The Best Gift."

At 6:30 p. m. Devotional exercises were conducted by Rev. C. P. King.

7 p. m. song service followed by an hour of choir.

The male chorus sang at this time after which Rev. Guy L. Vannish gave an interesting address on "The Joyful Christian Life."

He says that the Christian is the happiest person thus enjoys the longest life. Christianity the only, truly joyful religion. Jesus Christ, the sublime optimism in the world. Nothing in the world that pays such dividends as the religion of Jesus. Christ. Life of service, helping someone else.

The male chorus rendered a selection, followed by an address by Mrs. Susie Davis of Canaan, N. H., subject, "Faith and Knowledge." Personal consecration necessary in order to close the deal. Need a positive faith in order to do work for the Master. There can be no "ifs" in the Christian life. Faith and knowledge inseparable. Must know the word of God.

NAVAL OFFICER LEADS A MERRY LIFE

Issued Checks Right and Left and Arrested Seeking to Secure Money From Paymaster at the Navy Yard

Edward L. House, a Junior Lieutenant in the United States Navy, wanted by the Navy Department for some months on the charge of passing worthless checks and other irregularities, was arrested at the Navy Yard on Tuesday afternoon, while attempting to secure advance money and expense to be sent west.

House, who has been in the navy many years, was a chief yeoman before the war and during the war. He was promoted to Ensign and then to Lieutenant Junior grade. He was during the greater part of the war attached to the U. S. Naval station at Brest, the debarkation port for the American army. He was at first, aide to the personal officer of the aviation corps and when that was demobilized and sent home he was an aide in the office of Rear Admiral Halstead, the Commandant of the First Naval station, and now the commandant of the Navy Yard here.

While in France House passed checks which came back marked no funds and also borrowed rather liberally from his fellow officers before he was sent back to the states in July. He was then granted a leave of absence and since that time there has been a constant string of complaints into the Navy Department of bad checks, loans not paid and other things. Unable to locate him the department sent out circulars to all of the navy yards and stations, asking that he be detained if found.

Tuesday House in the uniform of a Junior Lieutenant of the navy, appeared at the navy yard at the Accounting office and talked with Paymaster Row-

se, who after a time recognized him. When he left his office to go to the disbursing office the paymaster notified that Admiral Halstead and he immediately ordered the guard to watch and prevent him leaving the yard and the ferry boat which had started was turned back on this side until it was searched.

House however appeared at the disbursing office and showing what he claimed were telegraph orders signed by Secretary of the Navy Daniel, asked for transportation and also for an advance of his salary to the west coast, claiming that he had been ordered to China to join a ship. He was delayed in this matter until the arrival of the duty officer and he was then placed under arrest and it is said made an admission that he was the man wanted.

He was taken to the Banbury and on Wednesday given an examination and he is being held now pending further orders of the Navy Department for a general court martial.

Rear Admiral Halstead knew House well and when taken before him he identified him. Just how much House has got away with in phony checks and by making loans and even if it is said securing money from Paymaster's orders, is not known, but he has left a long trail. It was also reported that he had re-enlisted in the navy about a month ago as a chief yeoman, but when arrested he was wearing a Lieutenant Junior grade uniform. Where House comes from and where he originally enlisted is not known at the yard, but the officers are very glad that they have ended his career of spending other peoples money.

UNITED MINERS OFFICIALS CITED FOR CONTEMPT

(By Associated Press)
Indianapolis, Dec. 3.—The United States government today again evoked the power of the Federal court in an effort to end the strike of the soft coal miners.

Information charging criminal contempt of the court was filed in the Federal Court here today against 84 of the officials and district chairmen of the United Mine Workers of America, in connection with the violation of the courts order to call off the strike.

The court issued capias requiring the appearance of all of the men named in the writ. It is alleged that all of the officials conspired to keep the strike notice after the court had ordered them to call the strike off.

Acting President John L. Lewis, Secretary-Treasurer T. W. Green, Percy Whitlow and Ellis Seales editor of the United Mine Worker's Journal, were the only officers here and they sent notice that they would be in court tomorrow and give the necessary \$10,000 bail for their appearance when the case is called.

KLOBY GETS DECISION OVER PAUL DOYLE

Boston, Mass., Dec. 3.—When Young Kloby of Lawrence was declared the winner at the end of his 12-round bout with Paul Doyle of New York at Mechanics Building Tuesday night, the referee, Jerry Moore, robbed Paul Doyle of a well earned victory.

The bout was attended by the largest crowd at a boxing match in this city for years. Doyle never boxed so well here as he did last night and the manager in which Kloby worked was not the sort he has displayed in his other battles. He appeared to have lost the great force of his punches and at times was very wild. Three rounds is the best the majority gave Kloby. Doyle rested up and the damage that the man from Lawrence inflicted did not amount to much.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through taking them.

Dr. Edwards' Olive Tablets are a vegetable compound mixed with olive oil. They act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood, and purifying the entire system. They do that which calomel does, without any of the bad after effects. Take one or two every night for a week and note the pleasing effect. 10c and 25c a box.

NOTED ART COLLECTOR'S FUNERAL

(By Associated Press)
New York, Dec. 3.—About 100 intimate friends and business associates of H. C. Frick attended the simple funeral services at his Fifth avenue home this evening. The body was taken later to Pittsburgh where a service will be held on Friday.

TO DARKEN HAIR APPLY SAGE TEA

Look Young! Bring Back Its Natural Color, Gloss and Attractiveness.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready mixed. This is the old-time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, you can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

LLOYD GEORGE HAS GIVEN NO PLEDGE

(By Associated Press)
London, Nov. 3.—Premier Lloyd George gave no pledge of any kind to the American representatives at the peace conference that in consideration of the question of Irish self-government not being dealt with by the conference, the British government would as soon as possible after the signature of the peace treaty settle the Irish question on a home rule basis. This statement was made by Andrew Bonar Law the government spokesman in the house of commons in reply to a question in the house today.

The Efficiency of the Chalmers

SO much favorable comment has been made on the engine of the Hot Spot Chalmers that we are inclined to feel that many overlooked the other great essentials of this magnificent car.

There's 117 inches of wheel-base in a Hot Spot Chalmers and every inch denotes high efficiency.

Radiator to rear axle, it indicates perfect design, superior material, rare skill in workmanship, and attention to detail that lifts it far

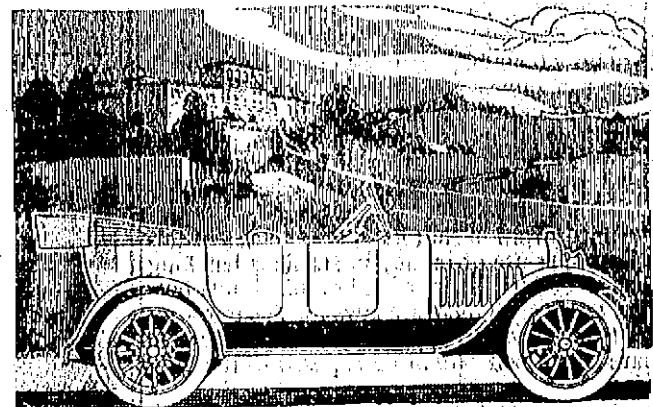

above competition in price. Service department records prove this high efficiency in a Chalmers by figures; it averages in cost to owners less than one per cent per year of the list price of the car for repair parts.

As a matter of fact once an owner's license plate is bolted on the Hot Spot Chalmers the car seldom returns for service.

Give it gas, oil, grease, water, and fair treatment and it'll respond like the fine "creature of steel" it is.

PRESIDENT IS GETTING BETTER

(By Associated Press)
Washington, Dec. 3.—President Wilson is getting better and his present condition is satisfactory, Admiral Grayson, his personal physician, announced today.

ELIOT

Eliot, Me., Dec. 3.—The "Minute Man" will be presented by the Girl Scouts of Troop 1, Eliot, at Grange hall, Dec. 5, at 8 p. m.

Rev. Mr. Gardner who has been called to the pastorate of the Advent Christian church at Abbot, Mass., conducted the services at the local Advent church Sunday afternoon.

STORER POST G. A. R. ELECTS OFFICERS

The W. G. T. U. met with Mrs. Harry L. Staples Wednesday afternoon. Mrs. Robert Hunt entertained her cousin, Miss Knight, over Sunday. Schools in town began Monday after a week's recess.

A Red Cross meeting was held at the home of Mrs. Harry L. Staples Tuesday evening. Plans were discussed for raising money to further the work of the order. The following officers have been elected to serve for the ensuing year: Chairman, Mr. A. E. Titus; vice chairman, Mrs. Nellie Fernald; treasurer, Miss Inez Reinick; secretary, Mrs. F. A. Levensaler; home service committee, Dr. Durbin; publicity, Mrs. H. H. Côté; membership, Mrs. Levensaler.

The prayer meeting of the Advent society will be omitted this evening, that the people may go to Portsmouth to hear Rev. Mr. Erickson, who will speak at the Advent church in that city.

The Hooster club was entertained by Mrs. H. T. Durbin Tuesday afternoon.

The annual meeting of the Storer Post No. 1 G. A. R. was held on Wednesday evening and the following officers elected for the ensuing year: Commander, Charles B. Dodge; Senior Vice-Commander, William J. Smith; Junior Vice-Commander, Joseph W. Murden; Quartermaster, Henry S. Paul; Surgeon, Thomas Eastwistle; Chaplain, Joseph S. Doolittle; Officer of the Day, Edward Rand; Trustee, S. R. Marston, Nathan Whalley and Joseph Foster.

Portsmouth, N. H., Thursday, December 4, 1919.

A Shock From Michigan.

No act of the I. W. W., the Reds or any other body suspected of attempts to overthrow the government has given the country such a shock as the news from Detroit, where the United States grand jury has indicted United States Senator Truman H. Newberry and 133 others on charges of fraud, corruption and conspiracy during the campaign in which Mr. Newberry was elected to the Senate on the Republican ticket against Henry Ford, the Democratic candidate.

When, after the election, the latter and his friends began to talk of dishonest methods, excessive expenditures and unfair practices on the part of those who conducted Mr. Newberry's campaign it was generally felt that this was the result of disappointment. But this talk or something else led to an investigation which has resulted in this large number of indictments, among the defendants being many men who have been prominent in business and politics and who have enjoyed good standing in their communities.

According to evidence brought out by the grand jury investigation, from \$500,000 to \$1,000,000 was expended in carrying on the campaign. Workers were employed at high pay and there is much to indicate that corruption was practiced on an extended scale. The gathering of evidence has been in progress for some time, the work being done by trained men sent into Michigan for the purpose, and if their charges are proved it will be a mighty humiliation to the people of that state and an unwelcome revelation to the people of the country, who, while aware that there are some questionable practices in politics, have not believed that such wholesale dishonesty and fraud could be possible at the hands of such men as are named in the indictments.

As this paper has before said, indictment is not conviction, and the public is in duty bound to await the presentation of all the evidence before pronouncing judgment. But it is impossible to believe that the cases that have been worked up are without substantial foundation, and every honest man, of all parties, will hope for an impartial sifting of the facts and the imposition of proper penalties in every case where guilt is established.

This country cannot afford to shut its eyes to abuses of this character. The improper use of money in elections has long been recognized as an evil to be suppressed to the utmost possible extent, and in every state there are laws for this purpose; but if the reports from Michigan are even half true there are conditions in that state which cannot be exposed to the light of day too soon.

At the present time a great deal is being said and done with reference to foreign elements working against the interests and safety of the government. Those elements are bad enough and dangerous enough, but this revelation is a reminder that not all of the dangers are to be found under the red flag.

The trial of these alleged corruptionists should be prompt and vigorous. The truth must be laid bare, regardless of who is hurt, and it must be made plain that the rights of citizens are not to be jeopardized by the machinations of unprincipled men and the corrupt use of money.

CANCELS HIS REQUEST FOR TROOPS

(By Associated Press)
Oklahoma City, Okla., Dec. 4.—Gov. Robertson today cancelled his request for troops to protect the mine properties when he learned that two companies of negro infantry were to be sent to the state from Columbus, N. M. In a message to Major General Dickman, commander of the southern division of the army at San Antonio, Texas, Governor Robertson declared these troops would only "involve us in unnecessary conflict and confusion, and formally withdrew his request.

INCREASES COAL SUPPLY FOR MIDDLE WEST

(By Associated Press)
Washington, Dec. 4.—After a conference with Fuel Administrator Garfield, Senator Cummins of Iowa announced today that the fuel administration had agreed to increase by 60 per cent the coal allotment to Iowa, Missouri, Nebraska, South Dakota and Kansas. Under the new allotment Senator Cummins said these states will receive a total of 1500 cars daily instead of 1000. Senator Cummins told the fuel administration officials the situation in those states was becoming serious and unless action was taken immediately suffering would result.

"STOLE" HIS OWN CAR

Halestead, Ky., Dec. 3.—W. A. Bachman, a Halestead business man, was

surprised to find himself accused of stealing his own automobile, and the whole town out looking for him. Bachman had been out of town on business arriving at 2 a. m. with W. L. Severance from Garden City. Instead of arousing his wife he went to the garage and got out his car to drive Mr. Severance home. She heard the car driving out and at once concluded a thief had taken it. She telephoned the police, and soon the whole town was out looking for the automobile thief.

Half an hour later Mr. Bachman drove back to find himself being trailed by a motor thief. Just as the town marshal was starting to arrest him he cleared the thing up. It was his own car.

SUPERVISING THE MACHINERY TRIAL

The steamship Nipmuc, built by the Atlantic Corporation, had her trial trip on Thursday and the machinery inspection was in charge of District Supervisor George W. Tibbets of the United States Shipping Board. Mr. Tibbets is no stranger to some of our older residents, having resided in this city for many years, being employed as an engineer in the river towing, with the late Captain Charles Drew.

Why Not Sell to Public
There appears to be no great rush among the navy yard employees to purchase clothing, shoes, etc., on sale in the Supply Department. It is hoped that the government will later give the civilian public an opportunity to get in on this sale and there is little doubt but Uncle Sam can clean it up.

NOTICE
Mrs. Eliza Bragdon's dancing class will be omitted Friday of this week and resumed on Friday, Dec. 12.

RESIGNS AS SECRETARY OF NAVAL LODGE

At the meeting of Naval Lodge, A. F. and A. M. of Kittery on Wednesday evening the resignation of David G. Walker who has filled the position of secretary for the past twelve years was received with regret. During his long term of office Mr. Walker has ably fulfilled the duties of his office. Those officers were elected for the ensuing year:
W. M.—Arthur Seawards.
S. D.—Albert M. Phillips.
J. D.—J. Byron Phillips.
Treasurer—Fred W. Cross.
Secretary—Walter L. Latta.
S. D.—Frank Gieschell.
J. D.—Joseph McCabe.
Representative to Grand Lodge—Captain W. N. Phibney.
Finance Committee—Leslie L. Williams, Edward V. Wilcox, Angus Russell.

NAVY YARD NOTES

Sweepers Leave the Harbor.
The mine sweepers which arrived on Nov. 20-28 and since have been at anchor in the lower harbor, came up to the yard this forenoon.

To Train Photographers.
The Navy Department has decided to train its own photographers and will open a school at Annapolis, D. C., Jan. 1, 1920. The course will require three months and will include theory, aerial and ground photography and laboratory work. In the new personnel provision has been made for rating those who pass and according to their ability will be rated as chief photographers and photographers of the first, second and third class. Upon completion of the course the men will be assigned to

wherever they are required either on land or on sea.

Going to the S-S

Friederick W. Whitehead, chief machinist from the submarine base at New London has reported at the local yard for duty on the submarine S-5.

Comes From West Coast

William H. Connell, a chief machinist mate of Dover, N. H., has reported from the submarine base at San Pedro, Cal., on board the receiving ship Southern.

Three Training Stations

In future all modelmen for the navy will be trained at the Naval Training Stations, Naval Operating Base, Hampton Roads, Va., Great Lakes, Ill., or San Francisco.

Report on Sugar

The bureau of supplies and accounts has requested that on Dec. 12 a report be made as to the full amount of sugar on hand at the local yard.

Honors for Admiral Dunn

Rear Admiral Dunn, commandant of the 1st Naval District at Boston, has been notified that the Emperor of Japan has conferred upon him the decoration of the Second Order of the Rising Sun and it will be presented to him Friday morning at the Japanese Ambassador's residence at Washington. The decoration is in honor of the aid Rear Admiral Dunn rendered to Japanese ships that became disabled in the vicinity of the Azores where he was on duty.

Call for Firemen

Three firemen for the yard power plant were called by the labor board on Wednesday.

Appear in Yard Tonight

Billy Reno in comedy and acrobatic work, "The Hendersons" in impersonations, banjo, whistling and piano selections will appear in the yard auditorium at 7.30 this evening under the auspices of the Y. M. C. A.

THUMB-NAIL SKETCHES OF PERSONS YOU OUGHT TO KNOW

MICHAEL KELLEY.

Few men are better known and more popular with both old and young than Police Officer Michael Kelley, one of the veteran members of the police force. Officer Kelley during his long years of service has made many friends by his uniform courtesy to all and he is a great favorite with the enlisted men. For a number of years he was assigned to the Creek beat and did excellent work in that locality. He has two sons who are also members of the police force. He is a member of Portsmouth Lodge, B. P. O. E., and the A. O. U.

LT. KERSHAW GOES BACK TO CIVIL LIFE

Popular Officer Served at the Navy Yard During the War Period.

One of the most popular retired officers serving at the Portsmouth navy yard during the war, was Lieut. Herbert E. Kershaw of Lawrence, Mass. Lieut. Kershaw who retired as lieutenant on March 27, 1908, was one of the first men called again for active

LIEUT. HERBERT E. KERSHAW

duty at Portsmouth where he served as assistant to the engineering officer having much to do in supervising repair work on ships. He served nearly two years in the Industrial Department and was placed on the inactive list last Saturday. Lieut. Kershaw made many warm friends at the naval station and in Portsmouth who regret his departure but wish him much joy and comfort in civil life.

OSGOOD LODGE CARNIVAL

The Odd Fellows mid-winter Carnival committee met last evening and distributed tickets for the event which takes place Feb. 9, 10, 11, and 12. At the solicitation of many ladies, the committee have arranged a ticket contest. To the lady disposing of the largest number of tickets, a diamond ring will be given and wrist watches will also be given to other contestants. All ladies in this city and vicinity are invited to enter this contest. Season tickets must be procured of Charles J. Gause, Bow street, chairman of committee who is assisted by Harry E. Tolles, George E. Cox, Jas. Gause, Fred J. Worden and Osborne D. Hunt. Ladies all-up for the Odd Fellows Carnival. (Contest will start Thursday morning Dec. 4th)

MOONSHINERS AT THE NAVAL PRISON MAKE CONFESSION

The "moonshine" aggregation at the naval prison are now known to the officers at that institution. It is understood that three of the prisoners have confessed to setting up the still in the mess hall. One of the three had charge of the various stores obtained for the secret still. The latest story has it that the product of the still had hardly got cooled off before the water was discovered and that there was no longer any stored away awaiting fermentation.

SOFT COAL FAMINE STRIKES THIS CITY

Unless coal is secured from some source that is not known at this time, the Rockingham County Light and Power Company will be out of coal by the middle of next week. The seizure by the Railroad Administration of the entire output of the mine with which this company have a contract, and the diversion of this coal to the Central West have made it impossible for the company to secure any coal since the strike was declared. All known sources have been appealed to except the Navy, but as they only have on hand about thirty days supply, it is doubtful if any can be secured from that source.

The management is doing everything in their power to avert a shut-down but think their customers should be advised of this serious condition.

This is the first pinch of the soft coal strike in this city and it is the worst possible location, from the fact that upon the Rockingham County Light and Power depends only the industries of this city, the electric and gas, but in all of the surrounding towns and on hundreds of miles of electric railroads, from this city to Haverhill, Lawrence, Nashua, Dover etc. The plant comes under the public utilities priority class, which the railroad administration promises to keep in coal at the expense of the non-essential classes, but the Administration is leaving this big plant with a very narrow margin of safety.

RUB OUT BACKACHE, COLDS, CONGESTION, RHEUMATISM PAINS

Rub soothing, penetrating St. Jacob's Liniment right into the spots where cold, congestion, or rheumatism has settled, and like magic the tightness and soreness disappear.

Don't let a cold "take hold" in your chest, back or legs. The instant you rub St. Jacob's Liniment on the tender spot, congestion begins to break up and relief comes. Use this honest old liniment—use for more than 60 years—to relieve sore throat, stiff neck, neuralgia, sciatica. Rub out that "grippy" feeling that fills you with aches and pains.

Get a small bottle at any drug store and stop suffering. Nothing else is so penetrating and soothing. You get instant relief.

WORKMEN'S TRAIN WAS STALLED ON CONWAY BRANCH

Bad Injector on Engine Causes Tie-Up in Traffic.

The train carrying the Atlantic and navy yard workmen from stations on the Conway branch this morning got stalled on the main line about half way between Rochester and Somersworth and blocked traffic both ways for a short period.

The blockade was due to the failure of the injector to work properly on the

CREEK A. C. ACCEPT TIGERS CHALLENGE

The Creek A. C. have accepted the challenge of the Tigers for another football game, but set the date for Saturday Dec. 13, as they claim that the time to next Saturday is not sufficient to get their team together. They apparently are willing to meet any side bet of the Tigers and Wednesday evening made the following statement to the Sporting Editor of the Chronicle. Later in the evening the Tiger A. C. manager was in and quickly said that they would accept the date, but thought that the 13th might be too late as there is now of course a constant danger of a big fall of snow.

The statement:
"The Tigers are out for blood and the Creek A. C. hereby accepts their challenge and will give them all the blood that they will care for. We gave the Tigers no blood on Thanksgiving Day but will let them swim in blood if they want that kind of a game. We will play them one week from Saturday, which brings the date on December 13th, 1919, on the same field as the previous game."

As the Tigers are the challengers, it would seem that the Creek A. C. have a right to set the date of acceptance. To the Creek A. C. it looks as though the manager of the Tiger's is looking for a chance to equal as they only give a time limit of 24 hours to cover their bet. If they are really talking money, their bet will be covered three

days before the date set for acceptance or their challenge.
The Tigers have published their line-up and are making quite a noise about it. While the Creek A. C. is not able to publish their line-up at the present time, it is sufficient to say that they will be there stronger than on Thanksgiving Day, which speaks for itself in what to expect to uphold the glory and prestige of the Creek A. C."

HIGH SCHOOL TO PLAY AT MANCHESTER

The High school basketball team will open their winter schedule with the St. Joseph High at Manchester on Dec. 12. As has already been stated there is splendid material for the team and if they get the proper coaching they will be able to play any school team in New England on even terms.

LIFT OFF CORNS WITH FINGERS

Few Drops of "Freezone," Then
Corns Lift Off—No Pain!

A tiny bottle of "Freezone" costs so little at any drug store; apply a few drops upon any corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off with your fingers. Truly! No humbug!

PORTSMOUTH TO HAVE FAST TEAM

Portsmouth is to have a professional basketball team, and to the basketball fans who remember the famous team which represented this city years ago, it will be good news.

Henry Cragen, who was one of the stars of the famous old team, is to manage and coach the new team which will play under the head of Co. D. Manager Cragen has a bunch of very fast material in this city and he will pick the best to represent the company.

He has already started making games with the strongest teams in New England and promises the fans the fastest basketball they have seen here since the old days, when Bill Gray managed the Portsmouth's. The games will be played in the Armory and this has a splendid floor and big enough to give all kinds of action.

SPORT BITS

More than 300 pool balls witnessed a match game in Dover Monday evening between Ed Abrams and Mack Bayne. The match was won by Bayne who registered 102 points while Ed was forcing 54 of the spheres into the pockets.

Charles Metro of Laconia will wrestle at Lewiston, Me., Friday night, his opponent being Pat McCarthy of Boston. Metro, who is one of the best mat men in this part of the country should win with ease.

Tonight at Portland, Me., the second lap of ten strings in the New England championship bowling tournament between Whalen, Phila. Pochler, Walsh will be rolled. The first ten strings were rolled at Boston Monday night and the standing is as follows:
Whalen—116 116 103 122 120 113 133 98 98 131—1158.
Pochler—101 106 98 127 109 100 123 108 101 103—1076.
Walsh—105 109 100 91 98 115 123 104 118 104—1058.
Whalen—102 98 111 110 90 113 110 102 101 92—1035.

Benjamin Gardini, who has wrestled in Portsmouth on several occasions, will grapple with Dr. Roller at Portland, Me., Friday night. Gardini is holding his hand off for a finish match with Zhyzsko with whom he went to a draw at Portland some weeks ago.

Edith May and West Side Jimmy Duffy of New York will meet in a 12-round bout tonight at Lowell, Mass.

Reports from John Hills, N. J., where Strangler Lewis is confined to the hospital, indicate that his injuries received in the match with Zhyzsko at Boston Thanksgiving night are more severe than at first thought. It will be at least ten days before he can be moved and he has had to cancel a number of contracts in the South through the month of December and until the middle of January.

Dr. E. A. Bragdon of Springfield, Me., has bought of Walter Cox the three-year-old pacer Colonel

CATARRH DOES HARM

Whether it is of the Nose, Throat, or Other Organs, Get Rid of It.

Catarrh of the nose or throat when it becomes chronic weakens the delicate lung tissues, deranges the digestive organs, and may lead to consumption. It impairs the taste, smell and hearing, and affects the voice. It is a constitutional disease and requires a constitutional remedy.

Tuko Hood's Sarsaparilla, which by purifying the blood removes the cause of the disease and gives permanent relief. This alternative and tonic medicine has proved entirely satisfactory to thousands of families in three generations.

If there is biliousness or constipation, Tuko Hood's Pills—they are a thorough cathartic, a gentle laxative.

All Leather Is Still Advancing

Particularly the Better Grades

We believed it would go up and we ordered large stocks of men's shoes last spring, and will sell at fair profit over cost—not at prices based on what these shoes would cost us today.

We are selling the popular mahogany shade at \$7.50 to \$12.00.
We have the best in the city at \$10.00 and \$11.00.

We also have the

"BROQUE" STYLE
in mahogany, which is so much worn now by the young men,
AT \$12.00

This is positively made of the best leather produced. It has all the style there is, and there is no shoe on the market superior to it at any price. Just let us show you this one.

FULIS BROTHERS
157 Congress St.

Marine, yearling, record 2:21, and the three-year-old trotter Harvey Storm.

Old Cyclone Burns began to feel the heat of the wrestling game and is to make his first appearance of the year at the Grand Opera House, Boston, in the near future.

George Bays of Dover, N. H., has purchased Andy Ashland, 2:19 1-4, for the snow path.

Bill Montana keeps going upward in the movie world. His latest work was in Maurice Tourneur's picture of "Treasure Island" in which he had a good part. Still, Bill likes the wrestling game and will start a campaign in the east shortly.

The Maine owners of the old gray warbler Earl Gray, 2:01 1-4, now can do a lot of bragging about the stallion's potentialities as an extreme speed sire. The 5-year-old Calgary Earl, sire of the 2:01 1-4, spent the winter of 1911-12 in Northwestern Canada paced a record of 2:02 3-4 at the recent Phoenix, Arizona, meeting.

The Franklin, N. H., basketball team which has received quite a little advertising as the strongest in the state, doesn't seem to live up to the good things said about it. They were defeated at Dover Monday night and again at Concord Tuesday night, the score being 23 to 16. Bill Shuttleworth of Portsmouth played with Franklin.

Walter Kelton, ex-middleweight wrestling champion and John Kilens will meet at Manchester next Monday evening. This looks like one of the best matches of the season and Kilens will have to have lots of luck to retain the crown. Kelton is generally conceded to be the best 158 pound man in the game and as the Greco has agreed to make that weight (he may have to cut a leg off), it looks like curtains for John. The too-hold is also allowed, another point not in the Greco's favor.

FOOTBALL NOTES

There are many features in the golden sport but one of the features of 1919 that impressed players, coaches and spectators the most was the prominent part that forward passes played. In practically every game in the east, and we may extend the area to cover the entire football field and still be safe, the eleven that made the best use of the forward pass won. This is true of the Yale-Harvard, the Yale-Princeton, the Syracuse-Colgate and a host of other games. On the other hand there have been those struggles in which the team more adept in the aerial style of play was defeated. Take as example the Dartmouth-Penn game. The forward pass has introduced an element into football style that is both effective and sensational. Personally there is no play more appealing than a well conceived, nicely executed pass. This play has had more or less of a struggle for existence. There were many who looked on it when it was first suggested some 1 or 14 years ago. There are many who still brand it "the basketball play and condemn it. Despite that, however, the play lives and will continue to live. It is really in the early stages of development. The future will undoubtedly develop passing worth-while. The forward pass has great value as a ground gainer and producer of touch downs, but it has also an equal value as a threat. None but poorly coached defensive backs dare to approach closer to the line of scrimmage than perhaps seven yards. To do so is to invite a pass later into the zone that the backs are supposed to guard. So the defense is torn between duty and desire, for it is hard to stand back and watch the line of scrimmage tipped against for constant gains. No matter how keen in diagnosing plays a defensive backfield man may be it requires what amounts to a sixth sense, allied by tremendous speed to successfully stop a line plunge once the back gets beyond the line of scrimmage.

Also there six college teams to the east better than Dartmouth? Such a belief seems preposterous to New Hampshire fans. Yet Daniels, the great New York sporting authority, places the Green seventh on his list of leading colleges. Daniels selects Syracuse for the first place, although the latter has been thrice defeated. Penn State is his second choice, with the twice defeated Virginia next, followed by Washington and Jefferson fourth. Colgate is fifth, with Princeton sixth. The others follow after Dartmouth: Pennsylvania, Pittsburg, Harvard, Yale, Navy, Brown, Army, Lafayette, Lehigh, Rutgers, Boston, Cornell, Williams, Stevens, Holy Cross, Maine, New Hampshire, Wesleyan. Georgetown is not ranked on account of it being classified as a South Atlantic outfit.

There has been much talk of New Hampshire State meeting Bowdoin at Portland, Me., next fall but it is highly probable that the game will take place in the Pine Tree State metropolis. Bowdoin, according to the regulations of its advisory council, must play three games at Brunswick and as Maine is the only game of the state series scheduled to take place there the Bowdoin boys will not have many outside dates.

HARVARD TO PLAY ON WEST COAST

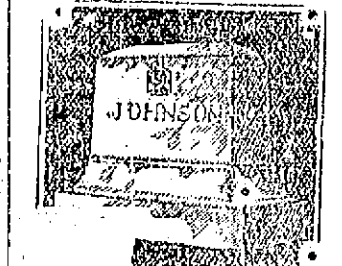

Cambridge, Mass., Dec. 3.—The invitation for the Harvard football team to play a west coast game at Pasadena, California, on New Year's day was tonight accepted and the team will get in shape for the game.

SLOW DEATH

Aches, pains, nervousness, difficulty in urinating, often mean serious disorders. The world's standard remedy for kidney, liver, bladder and uric acid troubles—

GOLD MEDAL HAARLEM OIL

being quick relief and often ward off deadly diseases. Known as the national remedy of Holland for more than 200 years. All druggists, in three sizes. Look for the name Gold Medal on every box and accept no imitation.

You can save money by purchasing direct of the manufacturer. We manufacture our monuments at our own plant, which is equipped with all the latest labor saving machinery and operated by electric power—the only plant so equipped in this section. SENATE TO DEMAND BREAK WITH MEXICO

Washington, Dec. 3. Senate today passed a resolution in the Senate, expressing the sense of Congress that the recognition heretofore granted to the Carranza Government in Mexico should be withdrawn. The significance of this action is twofold. Not only is it believed that it represents the Administration, as far as it can be represented by Secretary of State Lansing, but it will go into the Committee on Foreign Relations as a strengthening factor for the latter resolution declaring a state of peace with Germany. The well known unbreakable story is current in Washington that the Senate, in fact, has had no communication with the Secretary of State since the beginning of his illness.

However that may be, the State Department and the Senate Committee on Foreign Relations are working harmoniously together. For the first time since the Wilson Administration came into power the Secretary of State is seeking the advice and cooperation of men like Chairman Porter in the House and Mr. Lodge in the Senate, and a policy is being devised which it is hoped will either end diplomatic relations with Carranza, or compel within his Government a proper respect for the lives and interests of American citizens. Upon his return from the border Senator Fall was met at the station by the carriage of the Secretary of State and conveyed to Mr. Lansing's home, and the relations existing between the State Department and the capital are of the most cordial character.

Admiral Warts Border Protected
The Fall resolution not only requests the President to withdraw recognition of the Carranza Government, but it expresses approval of the steps already taken by the State Department with relation to Mexican affairs. Before Senator Fall offered his resolution, when action was delayed by inconsequential debate on another matter, two Democratic senators, Ashurst of Arizona, and Shields of Kentucky, had bitterly criticized the failure of the Administration to protect American rights in Mexico, and Ashurst had offered a resolution of his own which went to the Committee on Military Affairs, calling for the assignment of a sufficient number of United States troops to the Mexican border to protect Americans against bandit raids across the line.

Senator Fall had intended to speak

at length upon Mexican conditions, but the close of the morning hour shut him off. It is said, however, to arouse his colleagues to an understanding sense of the danger of the present Mexican government to American interests, and in plain terms he charged the United States with the responsibility of the Mexican government. "The recognition is offered," said Senator Fall, "in presenting the resolution, but it is not a matter of recognition and on evidence which will in my judgment, astonish the people of the United States. I charge that the Mexican government in Washington, the Mexican consul general at New York, the Mexican consul general at San Francisco and Mexican consuls elsewhere in this country are deliberately siding with revolutionary troubles and engaging in Bolshevik propaganda, and that their action is endorsed by Venustiano Carranza himself, and the evidence cannot be controverted. Though doubtless it will be denied by those who are conducting the propaganda."

U. S. NOTE DELIVERED LAST MONDAY

(City Associated Press)
Washington, Dec. 3.—The American note to Mexico regarding the demand for the release of W. O. Jenkins, the U. S. Consul agent at Puebla was delivered to the Mexican government on Dec. 1 by the State Department was informed today by the American embassy at Mexico City. No reply has been received from the note.

Says His Prescription Has Powerful Influence Over Rheumatism

Discoverer Tells Druggists Not to Take a Cent of Anybody's Money Unless Allergic Completely Banishes All Rheumatic Pains and Twinges.

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of fruitless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints, and muscles and expelled from the body.

With this idea in mind he considered physicians, made experiments and finally discovered a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery to others who took it, with what might be called marvellous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. Philadelphia's Pharmacy has been appointed agent for Allen's in this vicinity with the understanding that he will freely return the purchase money to all who state they received no benefit.

BOWLING

ATLANTIC LEAGUE

The Drafting room forces defeated the Accounting department in League schedule at the Arcade alleys on Wednesday evening.

The score:

Drafting	Accounting
Hussey.....78 83 91-252	
Anderson.....86 73 70-229

THIN PEOPLE SHOULD TAKE PHOSPHATE

Nothing Like Plain Nitro Phosphate Is Put on Food, Healthy Food and to Increase Strength, Vigor and Nerve Force.

Nothing from the countless preparations and treatments which are continually being advertised for the purpose of making thin people plump, do more for the body and mind, and especially for the nerves and muscles, than the soft curbed lines of health and beauty, there are evidently thin people of men and women who have lost their essential vitality.

Thinness and weakness are often due to a lack of phosphorus. Our bodies need more phosphorus than they contain. Modern medicine, therefore, claims that there is nothing that will supply this deficiency as well as the organic phosphate known among druggists as Nitro-phosphate, which is a trustworthy and a solid by most all druggists under a guarantee of satisfaction of every kind. In feeding the nervous system with this phosphate, the body is supplied with the necessary phosphorus food element, and the body should produce a welcome transformation by the absorption of the phosphate in weight gradually being added.

Phosphorus in weight also carries with it a mental improvement in the health. Nervousness, sleeplessness and lack of energy which nearly always accompany excessive thinness, should soon disappear, and the body will be supplied with the glow with the bloom of perfect health.

CAUTION.—While Nitro-phosphate is an excellent food for the nervous system, it is not a substitute for a balanced diet. It should be used in conjunction with a healthy diet, and it should be used in conjunction with a healthy diet.

It is not a substitute for a balanced diet. It should be used in conjunction with a healthy diet, and it should be used in conjunction with a healthy diet.

KEARSARGE MILL FIRE
39 YEARS AGO TODAY
Firemen Fought Blaze With
18 Inches of Snow on
Ground.
Thirty-nine years ago today the Kearsarge cotton mills on Hanover street were destroyed by fire which started in the spinning room at 6 o'clock in the morning where some employees were engaged in clearing up. Eighteen inches of snow covered the ground and the firemen had a hard time fighting the fire. One life was lost.

NOTED EXPLORER
TELLS OF LIFE
IN THE ARCTIC
Donald B. MacMillan Gives
Illustrated Lecture Before
Grafton Club.
Under the auspices of the Grafton club Donald B. MacMillan, New England's noted Arctic explorer, gave a graphic account of his Arctic travels and researches at Freeman's hall last evening before a good sized and interested audience.
The subject was "My Five Years With the Polar Explorers," and was illustrated with nearly 150 beautiful colored views of the most interesting regions, the top of the world. Mr. MacMillan said that most of us have an idea that life in very unpleasant in the Arctic regions, but contrary to that it is fascinating and one who has passed a year there in anxious to go back again. Mr. MacMillan on his last trip was four years in the Arctic and during this time, he lived with the Eskimos. He told how faithful they were to him and of the many fine traits he found in this people, saying he never heard an unkind word spoken by them while there and said they were loyal, honest, friendly. He said it was a long time before he knew the war was going on and when the news came an Eskimo called at the explorer's snow-house to tell it. The Eskimo habits of living are primitive in the extreme and they are unlettered, but while dressed as barbarians, they are a peace-loving people. One finds never a difference of argument among them and they cannot understand why the highly civilized white men fight and kill his brother man. As Mr. MacMillan was leaving with his party for the homeward trip, they pleaded with him to stay with them where there was peace and contentment. The lecturer said it was due to the loyalty and fearlessness of the Eskimo that the white man has been able to go to the pole.
The lecturer told, that contrary to the general opinion, the Arctic is not altogether a region of ice and snow, but flowers and green grass are plentiful a portion of the year. He showed beautiful colored views of the Arctic poppy and other flowers and a view of the hills which had been covered with flowers by little Eskimo children with whom he became friends.
Mr. MacMillan showed pictures of the pure bred Eskimo dog, in appearance something like a white wolf, and told of their great endurance and of their loyalty to their masters. Dogs had gone for eight days without food and yet he could lie down beside them and sleep in perfect safety. They will eat the huskiness of anything else rather than touch a human being. Mr. MacMillan told of his regret to part with his dogs so he chose four of the number and brought them back and they can now be seen in Franklin Park, Boston, where they are the pets of all the keepers. The means of obtaining sustenance of the Eskimoes was described by the lecturer and views shown of the natives in the dangerous work of harpooning the walrus, hunting the polar bear and the musk-ox. The ice fields and glacial formations were shown and described in detail.
Mr. MacMillan said it was with much regret he parted with his Eskimo friends and his party gave them the wooden house in which they lived and all it contained and nine Eskimo families moved in the day they moved out.
In recognition of their kindness the explorer's party gave them seven Victrolas and 300 records and he said no doubt they were all being played at the same time.
Mr. MacMillan showed pictures of birds of the Arctic of various kinds, among which was the catkin black snipe. This bird was interesting, owing to the extreme difficulty in securing its eggs. Three were brought to this country by the lecturer, the only three ever obtained and they are now at the Museum of Natural History, New York. An interesting slide of the midnight sun was exhibited.

showing it snipped eight lines on one plate, then giving an excellent idea of the path traversed by the sun. Mr. MacMillan's work has been of great value to the world in recording accurate data concerning these little known people of the north and the great silence beyond. At the close of the lecture he was given enthusiastic applause. The views were thrown on the screen by an experienced operator who accompanied Mr. MacMillan here from Boston.
The Whipple School orchestra, including twenty young boys and girls, furnished a program previous to the lecture. Ernest Billbeck, director of music in the public schools, was in charge and the rendition of the orchestra was a credit to his painstaking work. The orchestra volunteered its service and the children deserve much praise for their part of the program.
Red Cross Christmas seals to aid in New Hampshire's fight in stamping out tuberculosis were on sale at a table at the door and a good number were sold for this worthy cause in which all should be interested.

ATE RAT BISCUIT
IN ATTEMPT TO
END HIS LIFE
Claims Brother-in-Law Gone
With \$3,000 of His
Money.
Claiming that his brother-in-law had disappeared with \$3,000 of his money, Max Spebak, a Hebrew, aged 28, from Baltimore, attempted to end his life on Wednesday by eating rat biscuit.
The man arrived in Portsmouth from Bangor, where he says he was engaged in business with his brother-in-law. His story is that he advanced the brother-in-law the money to purchase some stock in New York and has not seen him since. Spebak told his story to Max Silverman, a Daniel street pawn-broker, who gave him the sum of \$12.00 as his fare to Baltimore. Later he came back to Silverman and requested \$3 more as the first money was not sufficient to pay his way. Silverman gave him the additional money. About 9 o'clock in the evening the man came to the office of Dr. J. H. Dixon and showed the box of rat biscuit, marked poison and asked the doctor how many he would have to eat to cause death. He said he had already eaten one and would go on and finish the job. Dr. Dixon called Special Officer Dares at the Colonial Theatre and they later found Spebak on Islington street in a dazed condition near the Knights of Columbus Home. He was just opening the box to take more of the rodent poison. He was brought to police headquarters and later sent to the Portsmouth hospital.
Spebak is a married man and had a picture of a handsome woman, whom he said was his wife.
The police notified the authorities at Baltimore regarding the man who is now out of danger at the hospital.

KEARSARGE CAFE
